

Police Activity in Southwest Downtown Round Rock Area from June 2011 - November 2011

NOTES

This map shows the area included in the analysis. All of North and South Blair Street, North and South Brown Street, North and South Harris Street, San Saba Street, West Liberty Avenue, Florence Street, and West Main Street are captured within this analysis, but only the 100-598 blocks of Round Rock Avenue and 100-499 blocks of McNeil Road are captured.

The data source for this analysis is the Police Department's Computer-Aided Dispatch (CAD) database. That means the data are drawn from the information police dispatchers enter into the computer as calls occur. The primary limitation of these data is that they may not reflect the actual nature of a call or its true final disposition. Thus, some care should be exercised in interpreting the results presented here. Traffic stops and animal-related calls are excluded from this analysis.

Any questions regarding the results of this analysis, the data source, or the preparation of this report should be directed to:

Call dispositions are organized into the following categories: Arrest Made, Cancelled/False Alarm, No Report, Report Taken, Referred (to Other Agency), Unable to Locate, and Warning or Ticket Issued. If a category does not appear in the table above, then no calls resulted in that disposition category during the period in question.
